OEPA Time Coded to South Dayton Dump 8-15-11 to 8-14-12.xlsx

Hi Maddie,

Every year I have to ask you for a record of the work done by OEPA in the past year on SDDL, because we are preparing the oversight bill to go to the PRPs and we always need supporting documentation. The time period I need documentation for is between 8/15/12 and 8/14/13. Attached is what Laura sent me previously. Is this something you can generate?
